

## **Consultation - Settlement Profiles Update 2020**

In 2017 we produced and consulted with you on Settlement Profiles for each classified settlement in the National Park. The [Settlement Profiles](#) include background evidence and data which have informed the Local Plan Review and the determination of planning applications.

We are consulting Parish and Town Councils again to help us update these profiles and ensure they continue to be robust and relevant documents.

Please could you download the Settlement Profiles for all settlements in your Parish via the link below, refamiliarise yourselves with them and then answer the below questions.
