T8, T10 Conifer – Fell due to excessive shading and proximity to property and public footpath

On the proposition of Cllr Ireland, seconded by Cllr Jessop (1 abstention), it was RESOLVED to make a ‘no comment’ response with the following for consideration: <ul style="list-style-type: none">• The application refers to T5 to T7 as being sycamore/ash trees, however there is no other reference to Ash trees within the documentation.• The application is for work to T5, T6 and T7, and the felling of six Conifer type trees and B1 mainly because of shading. Concern was raised as to how the amount of work proposed would affect the animals, bats and other species that may live in the area.• Any approval to fell tree/s should be conditional for replacement with a suitable species• A blanket TPO is placed covering the trees within the application to preserve the amenity value to the community and the animals that live within them | |
