Dear Okehampton Town Council

On behalf of the trustees of Tor Support Services I would like to offer our thanks and appreciation for your very generous donation of £500. .

As you know TSS provides counselling in the Okehampton area for children and young people facing such challenges as anxiety, exam stress, low mood, self-harming behaviour and family problems amongst others. These problems have become even more prevalent during the pandemic

Donations such as yours enable us to provide timely intervention to enable young people to manage their current situation, and gives them strategies for dealing with any future issues that may arise.

We very much appreciate your donation at a time when there is a high demand or funds from charities, and assure you it will be put to good use.

Yours sincerely
