Zip Wire – To resolve to approve the recommendation of the Policy & Resources Committee to agree the additional cost of the purchase and installation of the zip wire in Simmons Park

The P&R Committee resolved to recommend that the Council approve the additional cost of £2,504.52 for the zip wire, the total now being £16,061.62. A grant application in the sum of £1,000 has been submitted to Okehampton Hamlets Parish Council, the result of which is not known.

An extract of the confidential report considered by the Parks Committee in July 2021 with the replacement costs follows. It should be noted that the approved option was that costing £12,987.10 which was deemed to be best value and a company based in this country which means that parts are more easily obtainable. It is likely that the costs from all of the companies will have increased
