GRANT FEEDBACK FORM

Name of group/organisation/charity

OCRA Okehampton Community and Recreation Association

Amount awarded£500..... Date of award09/03/2021.....

Please explain below how the grant has been spent and how the award has benefited

- a) your organisation or group
- b) all or part of Okehampton and/or some or all of its residents

The funding has been spent as described in the application, the sessions of supervised sport and activity for Okehampton College students as part of the YES Tor project are being delivered every Friday. These sessions are now free due other funding being matched for the project. The development of volunteer leaders to help provide young leaders for the sessions is well under way and your funding has allowed new resources and introduction of Duke of Edinburgh volunteers into the mix. The family events in the park over the summer were well received as the people of Okehampton looked to return to some sort of normality. Your funding provided assistance to 4 events that over 1000 people attended, all of which OCRA provided for free.

Supporting documents such as accounts and receipts should be included. Further evidence eg photographs (in suitable format for inclusion on Okehampton Town Council website) would be appreciated.

Please note the feedback form to be completed 8 weeks after the completion of the project or, in any event, within 12 months of receipt of the grant. Future applications will only be considered if feedback for previously awarded grants has been received.

Dear Emma

Please could you pass on to the Town Council the thanks of all at Tor Support for the grant of £500. We are so very grateful for the continuing support of the Council to help us provide counselling for local children and young people, a need that has increased enormously over the past couple of years.

I am looking forward to attending the meeting on the 28th March when I can express our thanks in person and tell you a bit more about our work.

Yours Sincerely

Dr K Vile

Principal role of the organisation:

We arrange cultural exchanges with the French town of Craon, twinned with Okehampton.

How does the organisation benefit the community?

We are an organisation open to all residents of Okehampton and surrounding villages. Through our long-standing exchanges with the town of Craon we welcome our French friends to the area every other year. We organise social events aimed at appreciating each other cultures in a fun and relaxing environment while practising a foreign language and making lasting friendships. All our activities are open to anyone who wishes to take part. We are also actively in contact with the primary school to encourage young families to be involved and ensure the future of the organisation.

Please state what the grant would be used for and how it will benefit Okehampton residents:

In August this year we will be hosting people from Craon and would like to use the grant to cover some of the costs of that weekend. While in the area, all the costs of the French visitors are covered by the Association. This pattern is replicated when we visit them in Craon. During that weekend, all our events will be open to anyone who wishes to take part either by hosting a French family or just joining us in some of the activities.

Supply full costings of the project:

Based on previous such events, we estimate our expenditure to be as follows:

Friday - Details not yet finalised but likely to be art-based workshops in the Okement centre- Cost of hiring the hall- £100.00. Fee for workshop leaders: £75.00.

Saturday- Evening buffet and Ceilidh. Hire of hall: £80.00. Food for 30 people: £360.00. Cost of Ceilidh band: £350.00. Other various expenses: £30.00.

Sunday- Picnic and sporting activities in Simmons Park- Hiring of OCRA equipment: £40.00

APPLICATION FOR LARGER GRANT FROM COMMUNITY LINKS SW CIC

About Us

We are a not-for-profit Community Interest Company (CIC). The company started in April 2011. Community Links raises funds to provide the following services to the community of Okehampton and surrounding towns and villages.

We work closely with local agencies and organisations to bridge gaps in services within our communities. We believe that by delivering high quality, accessible services, we can help empower people, groups and communities to unlock their potential.

Support Services to be provided in 2022

Community Links raises funds to provide the following services to the community of Okehampton and its Hamlets as well as further afield. Clients are referred to us from Okehampton Medical Centre, Okehampton College, Okehampton and St James Primary Schools, Early Help, and Social Prescribers. Approximately 30% of clients self-refer.

a) Individual or Family Support

All our clients have an Initial Assessment to discuss their individual circumstances and needs. Then one of our experienced team of Family Support Workers will support the family or individual. During 2021 we provided 464 hours of support helping 36 Clients (31 in Okehampton and 5 Okehampton Hamlets). A further 25 clients were supported most of whom have children at Okehampton College.

Benefits:

- Children restart or continue with learning and are enabled to thrive with the correct support in place and within an appropriate environment
- Parents feel held and validated often after having their experience negated for a long time
- Family relationships improve and people start to enjoy spending time with the people they love
- Individuals feel more motivated and supported and start to think about doing things to support their own wellbeing

b) Okehampton Mental Health Support Group

The group provides a safe place for members most of whom have complex mental health needs and need ongoing lifelong support. For some it is the only place they go each week. Group meets fortnightly on Wednesday afternoons with 'clinic' appointments being provided when necessary. The Group has 24 Members (19 in Okehampton and 5 Okehampton Hamlets). Attendees to the group contribute £2 per session to the running of the group.

c) Okehampton Neurodiverse Parent Support Group

The group provides information and support for parents either attending the group or accessing support online, they feel understood and confident advocating appropriately for their children and learn strategies to make a real difference to their family's lives. Group meets monthly on Thursday mornings during term time with 'clinic' appointments being provided when necessary. The group has 32 Members (20 in Okehampton and 12 Okehampton Hamlets). 120 families are on the mailing list and 150 access the closed Facebook group. Attendees to the group contribute £2 per session to the running of the group.

Community links also organises family activities for families with children with neurodiversity as well as drama workshops and activities (eg Okehampton Adventure Days or Clip and Climb Sessions in Exeter) for Okehampton College neurodiverse students.

d) Family Thrive® Courses

Thrive® provides positive parenting strategies and information about how the brain works for parents who are finding it hard to achieve self-regulation and support dysregulated children. We work with parents of children from St James & Okehampton Primary Schools and Okehampton College. Community Links currently has 1 Course planned for 2022, however should the need arise we would like to be in a position to run a further course. We also teach Thrive® as part of our family support work.

e) Befriending and Social Inclusion

We are aiming to reduce social isolation by:

- One to one befriending to support people who are lonely and lack confidence and particularly to encourage them to engage with the community.
- The Befriending Coffee Group started by the NHS social prescriber and now the responsibility of Community Links. Thursday mornings in Refresh.
- In partnership with Devon Carers - A Time for You. This is a volunteer sitting service for carers where the carer and cared for person are both over the age of 18.
- Cognitive Stimulation Therapy which is NICE approved for people with mild to moderate dementia.

The Okehampton Music Centre

The Okehampton Music Centre has been running in partnership with Okehampton College for over 7 years. It is an initiative to encourage young people to get more involved with music. We aim to make learning an instrument affordable for all. We want young people to experience the thrill of playing in an orchestra; and to develop players, so that our local, regional, and national orchestras thrive in the future.

Community Links raises all the funds to provide free and subsidised weekly orchestral music tuition and Kodaly workshops for approximately 70 local children and young people many of whom have never had music lessons before. We concentrate on the 'endangered instruments' because these are generally missing in community orchestras as they are expensive and difficult to learn. The Group has 50 Members (40 in Okehampton and 10 Okehampton Hamlets). Attendees to the group contribute £2 per session.

Recently at the request of the Devon Music Education Hub the Music Centre has started providing Kodaly music sessions for all ages of children and babies. The classes for 0-4 years old are held at the local soft play centre on Thursdays and 5-7 years old in the Community Centre on Saturday mornings.

"The Kodály method is an approach to music education rooted in the idea that music should be a social and cultural experience. The Kodály approach to teaching music asserts that musical concepts, creativity, and collaboration are best taught in group music lessons, particularly for young children. According to the method, music teachers should emphasize musical material that is connected to their students' culture and heritage."

Benefits to Okehampton Residents

Community Links support services and befriending benefits the community in Okehampton by providing ongoing and timely support for residents to overcome mental health issues and loneliness. Our work with parents and their children aims to help them thrive and achieve the best for their families and the wider community.

The benefits of engaging in music have been well documented with many studies demonstrating great academic and social outcomes. We believe that the Okehampton Music Centre provides fantastic opportunities for young people to make musical progress, explore their creativity and to develop their self-esteem. We hope to ignite a love of music that will last a lifetime through music making, singing and having fun!

Reason for Application and Amount Requested

Community Links SW CIC would like to apply for £5000.

This year Community Links will need to move from our current offices in the Community Centre attached to Okehampton College to new offices. We are uncertain as to the costs that will be associated with this. The funding from Okehampton Town Council would either help pay for new accommodation, and/or be used pay for the following to enable us to enhance the profile of our organisation within the community as well as ensuring we are able to work continue to work effectively :

- Promoting our services to the community by purchasing 4 Pop up banner (Befriending, Music Centre, Groups and Community Links) which can be used at local events (Queen Platinum Jubilee, Charter Hall Coffee Morning) and as a professional welcome to clients attending our groups (£500)
- Assist in the cost of our staff undertaking ongoing mandatory and CPD training (eg. Safeguarding, First Aid, UKGDPR, Mental Health First Aid) approx. 12 members (£1000)
- Purchase of a laptop for a Family Support Coordinator (£600)
- Purchase of 3 Egress Licences (for secure sending of emails) (£325)
- Assist in the cost of uniforms for the Okehampton Music Centre (£450). Students participate in activities in the region, such as Devon County Show and Bournemouth Symphony Orchestra workshops. We would like Okehampton Music Centre to give the students and the centre an identity. We want the public to see the amazing music opportunities Okehampton offers. It also adds an extra safeguarding measure as it will make our students easier to identify.
- Assisting in the cost of running the Befriending Coffee Group (£900)
- Assist in the cost to run one Cognitive Stimulation Therapy course (£1650)

In support of our application, please find attached our annual accounts, a budget for 2022 and two letters supporting our work.

Yours sincerely

To whom it may concern

I am writing to support Community Links CIC in its application for funding. They provide valuable services helping people and families in our local community.

Their services include Individual and Family Support both one to one and in groups including the Okehampton Mental Health Support Group and the Neurodiversity Parent Support Group. These are services that are not provided locally by statutory services such as the NHS.

There is an ever-increasing need for support around mental health which cannot be tackled by statutory services alone. There is still a very large unmet need in our local community and the more resource that is available to help address this the better.

As providers of the social prescribing services for North Dartmoor Primary Care Network and the local Voluntary and Community Sector Infrastructure support organisation for West Devon, we have a close working relationship with Community Links. Working with them to support the development of new services.

They work closely with many other local partners and are active partners in the Okehampton Area Health and Wellbeing Alliance – a community led network.

I hope that you will be able to support their work.

Yours faithfully

To whom it may concern

I am writing to support Community Links in its application for funding. They provide an amazing service to help people and families in our local community.

They offer such a wide range of support. Individual support through one to one counselling and befriending. Family support, which is also part of our Early Help offer locally – supporting struggling and vulnerable families. Group work for men, domestic abuse, children and parents around autism and ADHD. These are services that are not provided locally by statutory services such as the NHS.

There is an ever increasing need for support around mental health – this has spiked during the COVID pandemic. This cannot be tackled by statutory services alone. There is ongoing need for the services of CICs such as Community Links. There is still a very large unmet need in our local community. The more resource that is available to tackle this the better. I hope that their funding can be continued and increased to reflect the fantastic work that they have achieved to date and to allow them to develop and expand their services.

We have a very close working relationship as a practice with Community Links. They are helping us to identify gaps in service and develop new services across the primary care network, as well as around the Okehampton locality. They constantly develop and adapt their own offer, responding to identified local need. They work closely with other local partners such as the college to support children and families. They are committed to developing more integrated working with local partners and attend our weekly multidisciplinary mental health meetings when they can.

We would be lost without this valuable local service.

Yours faithfully
