Dear Emma

APPLICATION FOR FINANCIAL ASSISTANCE - MUSEUM OF DARTMOOR LIFE

Traditionally, the Town Council has made available a grant to assist with the running of the Museum of Dartmoor Life which provides a resource for the Okehampton community and maintains a visitor attraction for the Town. Additionally, the museum provides the only tourist information facility in the North Dartmoor area. I would ask that the Town Council again considers providing financial assistance in this financial year.

In addition to the reports received by the Town Council from their nominated trustee, I can advise that the museum continues to thrive and a tremendous amount of time and in particular, volunteer effort, has been put in place for the museum to continue as a meaningful visitor attraction and community resource. The inclusion of the Tourist Information Point in the museum has maintained the focal point within the town and our volunteers continue to relished the challenge of information provision. In the 2024 season there were >10000 visitors to the information point.

Financially, the museum was able to generated a small surplus in the last FY, however, the forecast for this FY indicates a small deficit, mainly due to the urgent repairs needed to the roofs where there is ingress of water. A recent Condition Survey of the building and it's infrastructure is costed at £362k and a further Access Report indicates work in the region of £40k to improve accessibility needs. The trustees are mindful of these maintenance needs and are actively pursuing a National Lottery Heritage Fund grant to further update the infrastructure of the building and improve the interpretation and collection. In the shorter term we continue to provide an annual exhibition and we have again been awarded a grant from the Royal Society which will provide funding towards an exhibition that will run through the 2026 season.

We would ask the Town Council to consider maintaining their continued support of the museum in the next financial year and award a grant compatible with last year's funding of £3500. We also request that the £1500 previously made available to WDBC to assist with the tourist information facility is allocated to the museum to allow the trustees to maintain the facility. The Application Form and our Annual Report and Accounts are attached.

We would be grateful if you would ask the Town Council to consider our request for financial assistance.

Yours sincerely forwarded electronically

The Museum of Dartmoor Life

Trustees' Annual Report 2024

Aim and Purpose

The aim of the charity is to provide and maintain the Museum of Dartmoor Life. The museum exists to provide opportunities for visitors, volunteers and members of the local community to learn about and enjoy the cultural and natural heritage of Dartmoor and Okehampton.

Objectives and Activities

The trustees' objectives are to collect, conserve and interpret artefacts and stories relating to Dartmoor, its history and people, and to engage with visitors and the local community to inspire diverse audiences and future generations to appreciate and protect the Dartmoor and its heritage. The museum maintains the existing collection and conserves artefacts and records, presenting them to the public in an absorbing and informative way. The museum co-curates an annual exhibition and aspires to be a vibrant centre of lifelong learning with an exciting and diverse programme of workshops and events for the local community and visitors alike. It is a specific objective that the museum is for the public benefit, whether this is part of life long learning or maintaining and developing the collection for visitors and the local community.

Achievements, Performance and Outlook

The museum normally opens from March to October and the season proved productive with the continued return of visitors after the pandemic. The Royal Society awarded a grant for a 'Dyeing on Dartmoor' project which included outreach activities and a most successful exhibition throughout the 2023 season.

We welcomed more than 7,500 visitors, which included a welcome return of our overseas visitors and groups. The museum continues to undertake the role of providing tourist information for the North Dartmoor area. This remarkable exhibition was co-curated and encouraged many visitors who had not previously visited the museum. The museum has a growing reputation for the quality of its annual exhibition.

The excellent work of the volunteers and the manager and the quality of the provision made was marked by the museum winning the silver award for a small tourist attraction for Devon Tourist Awards and also the bronze award for the south west. No other winner was a charity and a largely volunteer run business.

Routine maintenance and some improvements to the fabric of the building have been achieved, mainly on a self help basis, although there is continued deterioration to the fabric of the building's infrastructure which was not addressed in the 2004 refurbishment. A costed condition survey has been undertaken and listed works required at £524,000 These works will form part of the museum's bid to the Museum Estate and Development Fund; a DCMS funded opportunity administered through the Arts Council in 2024. Without substantial investment and improvement in the museum's infrastructure, this community hub and visitor attraction may be lost to future generations. The museum has a policy of sustainability and a longer term environmental control programme, if externally funded, will be put in place over the next two years to maintain the integrity of the museum and collection.

The trustees have set out their five year plan and continue to monitor and develop the strategic vision that will require, potentially; audience development, new digital interpretation and development of the premises. The project will need engagement with grant giving bodies, as well as a bid to the National Lottery Heritage Fund. New trustees with specific skills have been recruited specifically to help develop the museum's future. Trustees have continued to ensure good governance is in place and trustees, staff and volunteers have received external training (electronically) to assist with our objectives.

The museum was reaccredited with the Arts Council in 2017 and will continue with accreditation when the scheme is reintroduced by the Arts Council in 2024.

Financial Review

In this accounting period the trustees continued their policy of financial caution, especially with the uncertainty of income streams and continually increasing utility and maintenance costs. However, the charity continued its trend of producing a small surplus over operating income and expenditure. Capital assets at the end of the accounting period are £315,000 although these assets cannot be used without undermining the work of the charity. Surplus funds have been set aside to invest in development and infrastructure funding, together with any matched funding requirements.

There remain a number of financial risks to the charity, not least any loss of rental or grant income. Therefore, the priority is to increase visitor numbers and shop revenue to offset any potential loss of revenue in other areas. The trustees will continue to exercise prudence in the next financial period and seek grants where possible.

The trustees are particularly grateful for the continued support of Okehampton Town Council without whose financial assistance the museum and charity would have ceased to be a going concern.

Reserves

It is the charity's policy to maintain a balance on unrestricted funds, which equates to at least three months expenses and an amount to cover emergency situations that may arise from time to time, equivalent to £25,000. The balance of £69,350 held in unrestricted funds, meets this target. The trustees will continue with measures to ensure that cash reserves are maintained and available to meet unforeseen eventualities.

Volunteers

Our volunteers continue to be the life blood of the organisation and the museum would not survive without the dedicated service provided by our volunteers. The trustees would like to take this opportunity to formally thank all volunteers who work tremendously hard in ensuring that the museum continues to fulfil its purpose. Without our volunteers' valuable contribution, the museum would be unable to meet its objectives. Volunteers undertake a variety of vital roles. These ensure that the maintenance, collection care and documentation of the museum's core activities are maintained.

In addition, in 2023 the front of house volunteers continued to provide the valued tourist information service that has received many plaudits. The museum continues to seek volunteers, especially front of house information advisers, who have an interest in supporting the community through the museum and its activities.

It is the aspiration of the trustees that all volunteers should enjoy a meaningful experience when associated with the museum and every effort is made to ensure their experience is as fulfilling and structured as possible.
