Please give brief details of the principal role of the organisation: The organisation was formed to plan and deliver an annual St George's Week celebration in Okehampton, with the dual purpose of promoting community pride and supporting the local economy. Its primary role is to bring together residents, community groups, schools, and businesses to celebrate England's national day through a programme of inclusive, family-friendly events and activities within the town. A key objective is to increase footfall during a period when retailers and hospitality businesses have been adversely affected by ongoing roadworks and associated disruption. By creating a vibrant and well-publicised event, the organisation aims to encourage people from Okehampton and the surrounding area to visit the town centre, support local traders, and strengthen Okehampton's identity as a welcoming and thriving market town. The group coordinates fundraising, event management, promotion, and partnership working to ensure the celebration delivers lasting social and economic benefits for the whole community.

Are you, or your organisation, the organiser of the event/activity? Yes

Third-party applications through any 'parent' organisations will not be accepted.

Do you as the applicant, or any of the organisers of the event/activity, have a close connection with anyone who would directly benefit financially from award of the grant. No

Local Involvement

How does the organisation benefit the community of Okehampton?

The organisation benefits the community by delivering a high-profile, inclusive event that promotes Okehampton as a vibrant and welcoming town with a strong sense of identity and heritage. The St George's Week celebrations encourage residents of all ages to come together, strengthening community spirit and civic pride while providing opportunities for local groups, schools, performers, and volunteers to participate and showcase their talents.

The event actively promotes greater awareness of what Okehampton has to offer, highlighting the town's independent retailers, markets, hospitality venues, and cultural attractions. By drawing visitors into the town centre, particularly at a time when trade has been affected by roadworks and disruption, the organisation supports the local economy and helps to increase footfall for businesses that rely on community support. In addition, the organisation fosters partnership working between community organisations, the Bid and local associations such as OCRA, creating a collaborative approach to promoting Okehampton. Through positive publicity, family-friendly activities, and celebration of local heritage, the event enhances the town's reputation, encourages repeat visits, and contributes to the long-term vitality and resilience of the Okehampton community.

How many people in total use your organisation?

We are a newly formed community group consisting of three members who have come together specifically to plan and deliver a St George's Week event for Okehampton. As our role is to organise and facilitate a public community celebration rather than to provide an ongoing service, it is not possible for individuals to "use" the organisation in the conventional sense. Instead, the group acts as a coordinating body, working with local residents, businesses, and community organisations to create an event that is open and accessible to the whole town and surrounding area. The anticipated beneficiaries are the many members of the public who will attend and participate in the event, along with local retailers and community groups who will benefit from the increased activity and engagement it generates.

Of the total number of beneficiaries, approximately how many reside in:

- a) Okehampton? 400
- b) Okehampton Hamlets? 100

Average number of Okehampton beneficiaries attending each meeting/activity? We can not give an average as this is our first event.

Number of meetings/activities per year? 1 in 2026 depending on feedback will determine the future of the group

About the Grant

Please state what the grant will be used for and how it will directly benefit Okehampton town residents, details of event/activity location and dates should be included.

The grant will be used to help meet the essential costs of delivering the St George's Week community event in Okehampton, which will take place in the town centre during St George's Week, culminating in activities on in Simmons Park on St Georges Day. The funding will contribute towards materials for the St George's Dragon Trail, including the creation of trail resources and prizes to encourage families and visitors to explore the town, as well as towards the professional services of Miss Ivy Events, who will assist with event coordination and the provision of stalls and activities.

Miss Ivy Events will bring a range of attractions, traders, and interactive activities that will enhance the quality and appeal of the celebration, drawing people into Okehampton and helping to generate income that will offset a proportion of the overall event costs. This support will enable the organisers to deliver a well-managed, vibrant event that would not be achievable through volunteer effort alone.

The project will directly benefit Okehampton residents by providing a free, family-friendly celebration that encourages community participation and pride in the town. The Dragon Trail and associated activities will engage children, young people, and families, while the presence of stalls and entertainment will create a lively town-centre atmosphere for all ages. Increased footfall will support local retailers, cafés, and businesses, many of whom have been affected by recent roadworks, helping to strengthen the local economy. Overall, the grant will help create an inclusive event that promotes Okehampton, brings the community together, and delivers tangible social and economic benefits to the town.

The wider Okehampton area and newer housing developments mainly fall within the area of Okehampton Hamlets Parish Council (OHPC) and not that of the Town Council. Where the event/activity is expected to benefit residents of OHPC as well as the town, please indicate the approximate proportion for each parish area (%) provide details of how you came to this conclusion.

The St George's Week event is being delivered within Okehampton town centre and is intended to benefit residents from both Okehampton Town Council (OTC) and Okehampton Hamlets Parish Council (OHPC) areas. As the event is open and accessible to all, and no registration is required to attend, precise figures cannot be recorded. However, based on population distribution and the location of the activities, we estimate that approximately 65% of beneficiaries will be residents of Okehampton Town Council and 35% will be residents of Okehampton Hamlets Parish Council.

This estimate has been reached using the following considerations:

- The event is located in central Okehampton, which is geographically within the Town Council area and most immediately accessible to town residents on foot, making them the largest anticipated user group.

- The newer housing developments and outlying rural communities fall largely within OHPC and form a significant proportion of the wider Okehampton population; residents from these areas regularly travel into the town for shopping, leisure, and community events.
- Comparable town-centre events, markets, and festivals have historically attracted a mixed audience from both parish areas, with organisers and local businesses reporting substantial attendance from the surrounding Hamlets communities.
- Promotion of the event will be targeted across both parish areas through schools, community networks, social media, and local press, ensuring equal opportunity for participation.

The event is designed to serve the whole Okehampton community regardless of parish boundaries, supporting local businesses, encouraging social interaction, and promoting greater awareness of what the town has to offer for residents of both OTC and OHPC.
