10. Traffic Waiting Restrictions – To consider correspondence from Cllr Grainger requesting suggestions for changes to waiting restrictions in Okehampton

I am reaching out for suggestions regarding traffic waiting restrictions in and around Okehampton. The purpose of the HATOC Waiting Restriction programme is for quick, non-contentious waiting restrictions not larger scale proposals such as speed limits or residents only parking.

If anybody knows of areas that would benefit from small sections of double yellow lines (DYLs), other waiting restrictions, or even the removal of current restrictions, please let me know.

If I can request any suggestions to be emailed with the following:

- The current problem and why it is needed.
- The location.
- Photograph or screenshot of the area.

The closing date for the Tranch is Sunday 01 NOV. Ideally, I would like suggestions with enough time to meet with the Highways officers to discuss before the deadline.

If anybody has suggestions, please email me directly rather than replying to all in this email chain.
