122 **Reports from Working Groups:**

122.1 **Destination Okehampton** - Councillor Ireland reported that he was due to make a presentation to Members of Plymouth City Council on the advantages of the Northern Alternative rail route, supported by detailed documentation prepared by Mr Bligh. A meeting of Destination Okehampton would be scheduled as a follow-up.

122.2 **Neighbourhood Plan** - The Mayor reported that the launch event had been received very positively and was attended by some 320 members of the public. The consultation highlighted traffic and infrastructure as a key theme. Councillor Yelland added that comment could still be contributed via the social websites that had been set up by the Neighbourhood Plan Group.

122.3 **Renewable Energy Feasibility Study** - Councillor Leech reported that the consultants were continuing their investigations. Recent Government statements had, however, introduced some unhelpful doubts as to the future viability of community energy schemes. The information stand at the Neighbourhood Plan launch was considered successful. With some 20 people having signed up to get involved.

123 **Development and Infrastructure at Okehampton** - Councillors Yelland and Leech declared potential personal interests as Ward Members. Councillor Rush introduced a discussion theme and proposal based on his paper as previously circulated. This focussed on the need for a northern by-pass link and the funding therefore. After a period of general discussion of the issues, the Mayor adjourned the discussion with the request that Members who wished to comment on the matter to Councillor Rush should do so, copying in all Members.

124 **TAP Funding Proposal** - Councillor Goffey declared a personal interest. Councillor Leech noted that Hatherleigh had made a successful TAP (Town & Parish Grant) application to support a Tourist Information Centre and proposed that Okehampton and Hamlets should also join in making a bid to support the Tourist Information Point based in the Museum of Dartmoor Life. After discussion, it was agreed that Councillor Leech should take the matter forward on the proposition of Councillor Yelland, seconded Councillor Ireland.
